

## John Baptist MORIN 's BIRTHDATE

### Date de naissance de Jean Baptiste MORIN de Villefranche

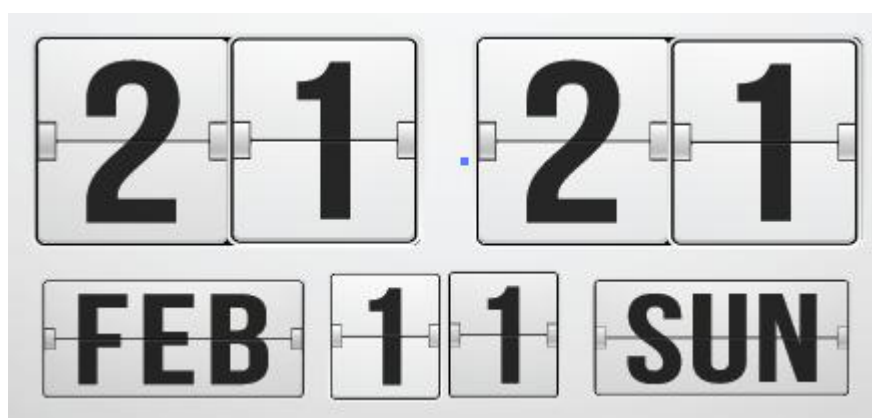

From the XVIIe century, especially publication of *Astrologia Gallica* (The Hague Netherlands 1661, Vita) and French edition "THE LIFE OF MASTER JOHN BAPTIST MORIN" (Paris, Jean Henault, librarian, 1660) it was written in these 2 books "born February 1583, 23th".

But this date is false, because researches in religious baptism registers of his natal town (Villefranche sur Saone) in Rhone official Archives give only his baptismal certificate for February 1583, 23th.

Soon, a book from Claude Thebault<sup>1</sup> will give "where" he found exactly MORIN BIRTHDATE, with 3 different proofs (one from Morin himself).

For people who want to know "WHEN", this date is :

## February 1582, 11, 21h 21ms

All Morin astrology, built on 1583 birth date is erroneous and false. It is Christian baptismal astrology
